Website Advance Analytics & Monitoring Program
Identify Website Problems & Opportunities

Get a clear understanding of your traffic and visitor's behavior in order to uncover problems and opportunities with your website. Remove the guesswork before you invest time and money in a new or remodeled website. Our valuable reports will help you make decisions based upon facts.

This program will take 2-4 weeks and will include the following;

1. Detailed Traffic Report
 - a. Number of unique visits
 - b. Popular pages
 - c. Precise keyword activity
 - d. Visitor path analysis
 - e. Referring search engine comparison
 - f. Where the visitors came from
 - g. Visitor map
 - h. Exit page review
2. On Page Link Usage Report
 - a. Reveal on page "hotspots";
 - b. Determine most popular activity
 - c. Uncover what users really want
3. Recommendations
 - a. Needed improvements
 - b. Opportunities

Price : \$200.00
